## WORK EXPERIENCE

05/2022 – CURRENT Regensburg, Germany

**DATA ANALYST (WERKSTUDENT) CONTINENTAL AG**

- Automated the process of fetching, transforming, and loading monthly data files into Excel using Visual Basic, resulting in a remarkable time reduction from approximately 2 hours to approximately 3 minutes.
- Developed and published a comprehensive end to end Power BI dashboard that provides detailed budget vs. actual cost reporting across more than 15 projects, delivering consolidated insights to over 10 stakeholders.
- Created a highly optimized Power BI dashboard for product validation timeline, resulting in a 20% reduction in project costs and improving task efficiency across 10 project segments.
- Designed and implemented a robust full-stack Power BI dashboard for demand volume analysis, enabling effective supplier capacity management and facilitating in-depth demand vs. supply analytics for 15 different product groups.

07/2019 – 02/2021 Mumbai, India

**ASSOCIATE SYSTEM ENGINEER TATA CONSULTANCY SERVICES**

- Proficiently utilized SQL database queries as part of ETL processes to extract more than 30 million data records from the database for reporting purposes, effectively aligning with business requirements.
- Performed tuning activities, optimizing various data objects such as tables, views, stored procedures, functions, packages, and triggers.
- Successfully maintained and optimized data warehouse and data lake, ensuring smooth operation and data integrity.
